

Stronger Together

They're not Mine, They're not Yours, They're Ours

Synopsis:

Correlation and unity between feeder schools is essential to the success of any program. This session will share proven practices and ideas to facilitate the unification between High School and Junior High/Middle School music programs and improve retention rates during the transition to High School. This clinic will assist directors find meaningful ways to work together for the success of their programs and their students. It's all about the student!

Challenges...

Stronger Together

They're not Mine, They're not Yours, They're Ours

How do you make this work?

Things we did...

What Happens if...

Pitfalls...

Stronger Together!

- What are you willing to do for your students?
- In every case working together is better than work against each other!
