Teach through the lens that incorporates the elements of music

Tone-warm air

Rhythm-learning patterns, rote to recognition, clapping

Pulse-the impact of tempo, externalizing

Form-label, find repeated sections

Melody-label, sing

Harmony-label, triads, sing

Dynamics-with and without, in context

Articulation-with and without, sing

Blend-timbre, tone

Balance-dynamics of individual, section, part

Pitch-beatless tuning, referential (close range), sing

Strive for BETTER, not for perfect!
