The Ice Cream Sundae

Today was a day I did everything right,
Though my brother annoyed me, I still
didn't fight.
I played nicely all day, didn't argue or
scream.
Now my mom says we'll go for a dish of ice
cream. *mmmm*

I ate all of my breakfast and all of my
lunch,
I picked up my toys (and I have a bunch),
And since I've been helpful, like part of
a team,
I think I might ask for two scoops of ice
cream. *mmmm*

Two scoops! What a treat! But I think
you'll agree,
It would be hard to imagine one better
than me.
I've done everything right, or so it would
seem,
Maybe Mom will allow me four scoops of
ice cream. *mmmm*

Yes! Today has been special. It's not every
day,
I do everything right, in such a nice way.
So why not, of course, since I'm building
up steam,
Have some syrup on top of four scoops of
ice cream. *mmmm*

"You've been perfect, my dear." That's
what Mom said today,
So I know she won't mind if I have it my
way.

To the syrup, add nuts and also whipped
cream
And a cherry on top of four scoops of ice
cream. *mmmm*
And yet, when I think about wanting
more,
Though it sounds awfully good, I know
what's in store.
I'll eat and I'll eat and I'll run out of steam,
And I won't feel so good after all that ice
cream. *mmmm*

Since today was a day I did everything
right,
I will not spoil my record by making a
sight.
I'll ask most politely, though it was fun to
dream,
"May I have one scoop of vanilla ice
cream?" *mmmm*

No More Pie

No more pie...

Pie's too sweet...

I want a piece of meat...

Meat's too red.

I want a piece of bread...

Bread's too brown...

I think I'll go to town...

Town's too far...

I think I'll take a car...

Car won't go...

I fell and stubbed my toe...

Toe gives me pain...

I think I'll take a train...

Train had a wreck...

I fell and hurt my neck...

Oh, my...

No more pie...

Star Dance

Story by John Feierabend

Begin in a stooped position with both hands on the floor.

This is a story of two stars.

As the sun came down the stars rose up in the sky.

Stand up very slowly and stretch hands above head.

One day one star started dancing.

Slowly move one hand back and forth.

Then the other started dancing.

Slowly move both hands randomly.

Sometimes they dance together and sometimes they danced apart.

Explore all the places your hands can go.

One day they decided to dance across the galaxy.

Slowly begin to travel around the room with arms slowly moving.

Sometimes they saw other stars and danced together.

Sometimes whole clusters of stars danced together.

Partners and groups mirror each other.

As the night wore on the stars danced their way back home.

Return to original positions.

And as the sun came up the stars slowly danced their way back down.

Slowly return to a stooping position and place hands on the floor.

Time the ending of the movement to end with the music.

The music by Chip Davis was “Traditions of Christmas”
from Mannheim Steamroller’s “A Fresh Aire Christmas.”

8. Beat Motion Activities— Child-Initiated Songs and Rhymes—Stationary

Listen, Listen

Lis - ten, lis - ten, Here I come;
Some - one spe - cial gets the drum.

The image shows two staves of musical notation in 2/4 time. The first staff contains the melody for the first line of the song, and the second staff contains the melody for the second line. The lyrics are written below the notes.

Invite children, one at a time, to keep the beat with the drum; sing the song at the tempo set by the children.

8. Beat Motion Activities— Teacher-Initiated Songs and Rhymes— Stationary

Ali Baba

The leader chants the following phrase while performing some motion with the beat.

“Ali Baba and the forty thieves.”

The group repeats the phrase and the motions shown by the leader; leader continues demonstrating different motions, each repeated by the group.

Later: Leader performs some motions while speaking the phrase; while the group is repeating the phrase with those motions, the leader shows the next motion; while the children are performing the second motion, the leader shows the third motion, etc.

Still later: Children sit in a circle; the leader performs some motion while speaking the phrase; the next child in the circle repeats that motion while the leader shows the second motion; as the leader shows the third motion, the next child is performing the second motion and the child next to him or her is performing the first motion; the passing of the motion is continued until all children are performing different motions with the beat concurrently.

Dr. John Feierabend is considered one of the leading authorities on music and movement development in early childhood. He is a Professor of Music and the Director of the Music Education Division at The Hartt School of the University of Hartford and is a past President of the Organization of American Kodály Educators. Dr. Feierabend makes frequent presentations both in the United States and abroad and is the author of over 60 books, articles, CDs, DVDs, and videotapes.

A music educator for over 30 years, he continues to be committed to collecting, preserving, and teaching the diverse folk music of our country and using that folk music as a bridge to help children understand and enjoy classical music. His books are a result of his belief that when many generations share common experiences such as traditional folk songs and rhymes, it helps them develop a valuable but dwindling commodity—a sense of community. When adults share childlike memories with children, they not only connect children with their ancestors, but they also enrich their children’s childhood and enable their children to someday tap into their own delicious childhood memories to share that same repertoire with their children.

In addition, research has suggested that these traditional activities provide precisely the tonal, rhythmic, and expressive experiences that are needed to develop one’s musical sensitivities. Children fortunate enough to have these songs and rhymes shared with them will grow to become adults who will not only be musically sensitive to music in their lives, but will also be musically able to connect to their children through music play.

Dr. Feierabend’s research has resulted in two music curricula: *First Steps in Music*, a music and movement program for infants through early elementary aged children, and *Conversational Solfege*, a music literacy method for use in general music classes. Dr. Feierabend is currently working on *Lomax: The Hound of Music*, a public television series that is based on his *First Steps in Music* curriculum.

Dr. Feierabend has been honored by the National Association for Music Education (MENC) as a Lowell Mason Fellow, received the Outstanding Educator Award from the Organization of American Kodály Educators (OAKE), and was the first American recipient of the international LEGO prize, an award given annually to someone who has “helped to make the world a better place for children to live and grow.”
